2 Holdups In 15 Hours At Liquor Stores in GC

\$717 Taken In Stickup
At Na-Bor-Hood; Amount
Unknown At Smilin' Joe's

Armed robbers held up two
Granite City liquor stores within
15 hours Friday and Saturday,
taking \$717 from the Na-Bor-Hood
liquor store, 2530
Nameki road, at 1:45 a.m. Friday,
and an undetermined
amount of cash from Smiling
Joe's liquor store, 3102 Nameki
road, at 11 a.m. Friday.

A lone bandit entered the
Na-Bor-Hood store, operated
by Mrs. Gaynell Harbarber,
and flourished a gun at Charles
Mellon, an employee.

He ordered Mellon to take
the money from two cash reg-
isters in the store, and then
fled. Kenneth Harbarber later
informed police of the amount
of the loss.

Two holdups men got an
undetermined amount of money in
an armed robbery at Smiling
Joe's liquor store, 3102 Nameki
road, at 11 a.m. Friday. The
robbers arrested a suspect after
surrounding the apartment
house in which he lived, but
later released him.

Mrs. Lottie Postar, the vic-
tim, said one of the pair asked
for a pack of cigarettes, and as
she turned to get them, a gun
was flashed and she was told to
hand over the money from the
cash register, "and you won't
get hurt."

She told police the men then
left, walking out the south end
of the building.

Soon after, two men drove
into a filling station and hopped
out of a car. After a police car
arrived, they re-entered the car
and drove away. A witness
provided police with the license
number and description of the
car, a 1955 two-tone gray model,
and a search involving city,
county and state police ensued.

At about 12:30 p.m., the car
was spotted, parked in front of
an apartment building, in the
1400 block of Eighteenth street
near Grand avenue, and about
12 city, county and state police
converged on the scene, sur-
rounding a four-family apart-
ment building.

Officers knocked on the door
of an upstairs three-room apart-
ment, but there was no answer.
After several other attempts, it
was decided to obtain a search
warrant.

Before one could be obtained,
the suspect left the house and
walked up to the police, asking
what the connection was all about. He offered
to let the police in his apart-
ment and they searched and
took him to the police station
for questioning. At 6:05 p.m., he
was released at 6:05 p.m. with
no charges filed.

21st-Driver Accident

ton, 40, of 2801 Elmwood, and

an accident at 1:25 p.m. Sunday
at West 21st and 21st street
avenue. The left side of the
Clifton car and the left front of
the other were damaged.

Survives Fall Inside Stack

KEEPING VIGIL at the bedside of her husband at St. Elizabeth Hospital is Mrs. John (Barbara) Snider. He was hurt in a fall inside a 150-foot open hearth stack at Granite City Steel Co. last Thursday afternoon.

Press-Record Staff Photographer

The 32-year-old steel erector, who survived a fall inside a 150-foot open hearth stack at Granite City Steel Co. last Thursday afternoon, is now in St. Elizabeth Hospital.

Distance Of Fall By John Snider Still Unknown

In satisfactory condition at St. Elizabeth Hospital is a 32-year-old Chicago repairman, John Snider, 2439 Logan street, who survived a fall inside a 150-foot open hearth stack at Granite City Steel Co. last Thursday afternoon.

Snider, whose family has been beset with mishaps in the past 10 months, is unable to say how high he fell, but he had been working on a platform inside the stack near the top. He was alone in-
side when the mishap occurred about 3:55 p.m. Thursday.

The stack repairman, who was patching the interior brick lining, suffered fractures to both legs, a back injury and cuts to the back of his head. He told police he was working on the repair materials—brick, mortar and patch—on the bot-
tom.

The furnace had been shut down for the stack repairs. He was unable to explain how he fell. He was working on the plat-
form, which has a hole in the center through which repair ma-
terials are pulled. He recalled
that he had just hauled up some
materials.

He normally works as a hook-
carrier through the local union
and had done stack work many
times, Mrs. Snider said. He was
employed by the International
Chimney Co., contractor for the
repair job, since Tuesday.

Mrs. Snider also has a small
daughter in a St. Louis hospital.

Daughter Hit With Pick Axe
Last Monday, her six-year-old
daughter, Thelma Marie, was
struck in the head with a pick
axe by her brother, John, eight
years old, when he was angry
with her. The girl was rushed to
St. Elizabeth Hospital. The girl is
a kindergarten pupil at Logan
school and is expected home this
week.

"Things seem to run in cycles,"
Mrs. Snider said. "My husband
was hurt in a fall inside a stack
at the Laclede Steel Co. plant."

Mother Hurt In Crash
And, during the last "Christ-
mas season," Mrs. Snider's
mother was injured in an auto
accident that was rushing Mrs.
Snider's grandmother to the hos-
pital. Authorities told her that
the grandmother had expired be-
fore the accident—a "motorist
who is a deaf mute ran into an
ambulance, but her mother had
whiplash injuries and is still un-
der treatment."

Last May, Mrs. Snider re-
called, her three-year-old daugh-
ter, Dorothy Jeanne, suffered
first, second and third degree
burns from a coffee pot. She
recovered nicely, the mother
said.

Now Mrs. Snider is hoping her
husband and her daughter re-
cover just as well.

fell Thursday afternoon suffer-
ing fractures to both legs, a
back injury and cuts to his
head.

She related that about three
weeks ago, her brother and his
wife suffered minor injuries in
an auto accident at a St. Louis
intersection. She said the ac-
cident aggravated injuries the
brother had sustained just weeks
before when a bus struck the
rear of his car.

New Lighting On Bridge Will Be Completed In May

Improvement of McKinley
Bridge lighting has been started.
Bridge Manager Henry McMullen
told the Venice city council
Friday night. Installation of
mercury vapor lights is expected
to be completed by mid-May.
He added that current bridge
traffic is averaging 12,000 daily,
or less than that of a year ago.

Mayor John E. Lee suggested
that council members attend a
May 6 Illinois Commerce Com-
mission hearing in Springfield
on relocating the Broadway
railroad crossing and appropri-
ate cost construction of a
\$215,000 traffic subway and a
\$292,000 returfing of Broadway.

Alderman Hank Svezia, street
and alley chairman, reported
that the state has accepted a
minimum wage law resolution
passed at the last council meet-
ing. He said the state will ap-
prove use of \$40,000 in motor
tax funds to improve the
State street approach to the
Broadway viaduct.

Final Tax Settlement
The district's Hank Svezia, fi-
nance committee chairman, re-
ported receipt of \$63,126 as fi-
nal settlement of 1963 city tax
was \$286,113.

Bill approved from the gen-
eral fund included \$165 paid to
MacIair Asphalt Co. for patch
work and \$141 to the Union Co.
and Feed Co. for salt used on
city streets due to ice and snow
this winter.

Under the bridge revenue
fund, the council authorized
purchase of a 1961 pickup truck
for \$139 from Magistrate Ves-
ley Edwards.

Hugh Hainford, Venice, Illi-
nois NAACP president, spoke at
the meeting, suggesting that ad-
ditional officials join the NAACP.
"Officials from most Illinois
cities, including your mayor,
have joined," he commented. He
said William Clay, St. Louis al-
derman, will address a rally
Friday night at the Bethel A.
M. E. Church here.

\$2,390,000 School Plan Studied By Citizens

Educational Quality,
Crowding Cited By Dr.
Kaiser As Vote Issues

"We have a lot to be proud
of, but if we want quality edu-
cation for our children we
are going to have to do some
things," Granite City School
Supt. Harold M. Kaiser told a
citizens' advisory committee at
its first meeting Thursday night.
Citizens' views are being sought
on a May 23 construction bond
issue and tax rate election.

Kaiser, who has been in the
position for 12 years, said that
greatly increased local school
capacities in the past six
years, Dr. Kaiser said the spe-
cial election will determine
whether the city can afford to
run its schools and classrooms."

All of those expressing an
opinion favored a 2.5 percent
increase in the city tax rate. The
bond program, and plans
were made to meet with the
school board tomorrow night.

Some of the group of 16 pres-
enters said that the school board
discussed by the superintendent,
and it was indicated that they
may have additional questions as
they study the proposals.

Projecting a variety of school
records and charts onto the wall
of his office, Dr. Kaiser showed
the impact of population gains
and defended the past record of
his administration. He said the
school board had been attacked
by some school employees
seeking additional pay and in-
creased benefits.

Decision Soon On Future Of Venice Dual High Schools

A decision on whether to close
Lincoln high school in 1964-65
probably will be made at the
April 6 Venice school board
meeting, Supt. John O. Pier said
today.

Biannual notices were sent to
the 11 Lincoln high teachers af-
ter an unanimous special
board meeting last week, meet-
ing the requirement for 60-day
notification prior to the end of
the current term. All may be
retained if both the Lincoln and
Venice high schools are operat-
ed, some are likely to be ab-
sorbed into the Venice high fa-
culty if Lincoln is closed, Supt.
Pier said.

Although some or all of the
dismissals may be withdrawn, it
was decided to send the notices
to provide maximum flexibility
in planning, the superintendent
explained. With 75 students in
Lincoln high and 135 in Venice
high this year, combined enroll-
ment next year would be 110.
Pier is negotiating 22 different
classrooms that could not be
completed in time, he added.

No new filings occurred in
Venice school district for teach-
ers at two posts being vacated by
Leo Davinovic and Thomas Foley.
Candidates are John Gonslerman,
Fred Dyer Jr., Herman Smith
and Joseph W. Roberts.

Granite City school officials al-
so ended with no new petitions.
President Ralph Richter is seek-
ing re-election to the boarding
committee. Richard Neumann, Dr.

Doctor Sues Agency On Purchase Of Home

Dr. and Mrs. G. Mason Kahn of Granite City have filed a \$30,000 damage suit against the Leuders Agency in Madison county circuit court in Edwardsville.

The Kahns maintain they sought to buy a home here in 1962 through the agency while they were living in Tennessee, and arrangements were made for the purchase of property at 1350 Twenty-seventh street for \$35,000.

The complaint said the agency, through its agent, James Henderson, represented the house to be in good condition, that they ordered an inspection by a capable contractor to determine any defects or necessary repairs prior to the purchase, and that his report showed the house to be generally in good condition.

However, the complaint claimed that the wiring, heating plumbing, roof and other items were in dilapidated and deteriorated conditions and large sums of money were required for repairs.

The Kahns seek \$15,000 actual and \$15,000 punitive damages and demand a jury trial.

Rich Williams Accepts NIT Trophy For Bradley

Captain Rich Williams of Granite City and Levern Tart accepted the championship trophy for the Bradley University Braves after they won the National Invitational Tournament Saturday in New York City.

Williams, a former star at Granite City high school, scored one point as Bradley dumped New Mexico 86-54 in the nationally-televvised final game. Tart was awarded the trophy as the tourney's most valuable player.

Second Umpires' Clinic

The second clinic for umpires in the Granite City park district's boys baseball leagues will be held at 7 p.m. tomorrow at the Community Center.

NINE LETTERMEN of the 11 returning to the Granite City high school baseball team this season took a break during an indoor session in the Memorial Gymnasium. Left to right are: front row—Joe Fanning, Pat Harris, Bob Karandjeff and Rich Lee; back row—Ron Yates, Marty LeVout, Larry Dillard, Joe Hauptman and Norm Whitford. Missing were lettermen Bob Scharf and John Love. Bad weather during the past week forced the Warriors indoors for most of their practices.

Warriors Visit Triad For Baseball Opener

Granite City's Warriors this week open a heavy 34-game varsity baseball schedule, a card that shows seven road games before the home opener April 4 against Sparta.

Coach Joe Fedora's squad opens the campaign at 4 p.m. Thursday at Triad high school near Troy. Then, on Friday, the Warriors play a doubleheader at Stanton and follow with a twin bill at Freeburg Saturday.

The road schedule continues with single games at Wood River on March 31 and Alton on April 2 before the Saturday doubleheader with Sparta.

Bad weather curtailed the team's practices last week and much time was spent on indoor drills in the gymnasium. There are about 50 candidates, including 11 lettermen, for the varsity squad.

"Who plays will depend on what happens in practice this week," said Fedora, hoping for fair weather.

Last year, Fedora picked the right combination of players and the team won second place in the state tournament and compiled a 24-9-1 record.

On the same day the team opens the home season, half of Fedora's squad will travel to Chokoma for a doubleheader. Two other dates are arranged in similar fashion later in the season.

Hiles First In Shot Put, Vaulters 3rd

Joe Hiles, a doubtful entrant because of a knuckle injury, got off his best shot put effort Saturday as the Granite City Warriors finished in a three-way tie for eighth place in the second St. Louis Open for high schools.

Hiles fired the shot 56 feet and a quarter inch. The effort got the senior strongman first place in the event for the second straight time. His winning mark in the first meet March 13 was 54-4 1/2.

The indoor toss was a foot, 1 1/2 inches better than the school outdoor mark of 54-10 1/2; Hiles set last season.

The other Granite City athlete to place was pole vaulter Dwan Bridges, who equaled his mark of 12 feet reached in the first open meet. Bridges, third in the first meet, was fourth Saturday.

Jim Jordan of Alton repeated as the winner, vaulting 12-8.

The two indoor meets were believed to be the first in history for Granite City high.

The Warriors got their first taste of outdoor action April 1 at Alton. Alton, the defending state outdoor champion in Illinois, also had Charles Wyatt winning the broad jump at 21-10. The only other Illinois school to have a winner was East St. Louis, first in the freeman-sophomore mile relay in a time of 3:51.7.

Most of the Missouri schools in the meet were preparing for the state indoor meet next Saturday at Columbia. Races at the Army were run without spikes on an unbanked hardwood floor.

Alton participated with hurdler Andrew Johnson and star high jumper Rich Swift on the sidelines with injuries.

Coach Jim Morrison said he was pleased with the performance of the Warriors, noting that times and distances in 11 of 13 events were improved.

He said an inter-class meet is planned for 4 p.m. Wednesday, with sophomores, juniors and seniors competing against each other. The meet will be open to the public.

Local Fans See Final, Freeman

Thousands of Quad/Cityans and an estimated 2 1/2 million television viewers across the state watched Saturday night as the Pekin Chinks defeated the Cobden Appleknockers 50-45 in the Illinois state basketball championship game.

The Appleknockers, seeking to become only the second district-level school in history to win the title, trailed all the way. At one point, Cobden came within a single point.

A great majority of the 16,128 on hand at the Assembly Hall in "Champaign" were backing the Appleknockers, the sentimental favorite of the tourney.

Cobden finished with a 32-3 record and Pekin a 30-3 mark.

During the telecast, Don Freeman was presented an award for being the best free throw artist on the University of Illinois basketball squad during the past season. Freeman, now an Illinois sophomore, was a star on the 1961-62 Madison high school team that compiled a 28-1 record.

Not all of the credit for the Appleknockers' success could be attributed to the team's great height or coaching. The boys' told reporters they were frequently inspired to victory by the memory of a teammate who drowned last summer.

Although the Chinks were somewhat the frogotten team with all the hubbub about Cobden and pre-tourney favorites Decatur and Centralia, Coach Dawson Hawkins was thinking about the state title back before the tournaments began. "Given the necessary breaks and a pat on the back from Luck, we

Cardinals Prepare For Opening Night

The St. Louis Cardinals from office, preparing for the 1964 baseball home opener, Thursday, entertained its opening night committee and the press, including the Press-Record, at the Media Club, St. Louis.

General Manager Bing Devine urged the committee to set a precedent by filling Busch Stadium for the opening game. This season's home opener will be the night of April 22 against the World Champion Los Angeles Dodgers.

The meeting also featured a taped report from St. Petersburg, Fla., with sportscaster Harry Caray, manager Johnny

Keane and vice-president, Stan Malin.

The Cardinals are counting on Granite Cityan Dan Maxvill to be their top utility infielder. Maxvill hit only 235 last season in 53 games but made only two errors in 67 chances for a .971 fielding average.

THIS I BELIEVE

What Is The Name Of The FATHER? What Is The Name Of The HOLY GHOST? What Is The Name Of The SON? THE NAME OF THE SON IS NOT SON; The Name of the Son is Jesus Who is both Teacher and Christ. This article will not deal with the Name of the Father or the Holy Ghost, in detail.

IS THERE ANY NAME IN THE UNIVERSE THAT IS EQUAL OR SUPERIOR TO THE NAME OF JESUS? The apostle Paul answered this question, by saying that the Name of Jesus is "a name which is above every name: That at the name of JESUS every knee should bow of things in heaven, and things in earth, and things under the earth." Philippians 2:9, 10; Ephesians 1:21. If JESUS is the supreme Name in heaven, in earth, and under the earth; then even if Father or Holy Ghost are Names, such as Names would be subordinate to the NAME WHICH IS ABOVE EVERY NAME.

If SON is not the proper Name of JESUS then why should FATHER be the proper Name of God? Does the FATHER have a proper NAME? How many care enough about God to try to find out?

Ralph Smith Speaks At GOP Women Meeting

Ralph T. Smith, state representative of the 53rd district, said that the at-large election this year will not be "as confusing as public thinks."

Smith told the 100 persons present at the affair held Thursday night at the YMCA, "The safest way to choose your candidate is to put an X in the party circle. Of course," he added, "make sure it's the Republican circle."

John Mellott, volunteer county chairman for Charles Percy, spoke in Percy's behalf and David John urged those attending to support William Scott in the governor's race.

Mrs. Vernice Wortman, campaign chairman of the county, said, "We were disappointed with the turnout but the attendance was satisfactory considering the weather and all the other events going on in town."

Mrs. William D. Stiehl and Mrs. Robert R. Canfield, wives of the two Republican candidates for attorney general were present at the meeting along with the candidates to be defeated by the Republican national convention, Mrs. Phyllis Schaffly, Rolla Mottaz and Dr. E. L. Rault.

This year's annual Good Friday noonday service at the Washington Theater sponsored by the Lutheran Bureau will feature The Rev. J. J. Valja, of St. Louis, as speaker. The service will begin at noon and will close at 12:30.

Rev. Valja is editor of This Day magazine, published by the Concordia Publishing House in St. Louis. He also serves as assistant pastor of St. Lucas Lutheran Church. The theme of his talk will be "Peace Through The Blood of Christ," basing his message on Romans 5:1-2.

Mrs. Joseph C. Cell will be at the organ. Henry Ameling will be a reader of a visual presentation of the Crucifixion which will be shown as the worshippers arrive. Shoppers in the downtown area Friday noon are invited to participate.

The Easter Sunrise Service at Wilson Park under the auspices of the Lutheran church will be held from 6 to 6:30 a.m. It will open with a brass ensemble playing Easter hymns led by John T. Venice City Hall Site Of Annual Town Meeting

The Venice city hall again has been designated as the location of the annual town meeting of Venice township, to be held at 2 p.m. Tuesday, April 7.

Adoption of general assistance, town fund, retirement and road budgets and tax levies will be considered along with financial reports covering the past year.

Gloomy Future Seen For County Tax Fund

John L. Kraynak, Madison county auditor, is predicting a gloomy financial picture for the county's general revenue fund.

He expects to have tax losses of about \$283,630 because of the county's low 5.6 cents per \$100 general fund tax rate.

The 1964 levy is \$725,070 and, based on assessed valuation of \$824 million in the county, the tax rate produces only \$461,440, or 63 1/2% of the levy.

The general fund received \$454,906 in taxes out of the 1963 levy of \$538,335, or 81 1/2% of the levy. The fund failed to receive \$83,429 in taxes due.

The total assessed valuation is \$3 million less than the year before.

"Thus we are faced with a gloomy financial condition as it appears at this time," Kraynak reported to the county board of supervisors. "Perhaps other revenue producers will yield increases over last year to offset some of this gloom."

The superintendent opposed a

GOP Faction Files For Injunction Dismissal

A motion to dismiss an injunction suit filed against the Scott, for-governor faction of the Republican party in Madison county has been filed in county circuit court.

Chief Circuit Judge James O. Monroe has granted a temporary injunction restraining the Scott group from spending about \$2500 earned from a Charles Carpenter fund-raising dinner in December at Alton. Carpenter has withdrawn as a candidate for governor because of illness.

The injunction was obtained by a county GOP group backing Charles H. Percy for gubernatorial nomination. Carpenter has transferred his support to Percy.

A hearing on the motion was set for 1 p.m. today by Judge Monroe. The Percy group planned to ask for a continuance to prepare a comprehensive report. The Percy backers are objecting to a questionnaire being circulated by the Scott group on how the money should be spent, and are planning to circulate one of their own.

177 School Days in 1964-65 For Madison District Pupils

Madison school pupils will attend school 177 days in the 1964-65 school year. The school calendar has been approved by the board of education.

The calendar includes three teachers' institutes and seven legal holidays—Labor Day, Veterans Day, Thanksgiving, Christmas, New Year's Day, Lincoln's birthday and the school year.

The fall term will begin Monday, Aug. 31, and the school year will end on Friday, May 28, 1965. Wensel Brown, superintendent, said that the calendar will coincide with those being adopted by most of the other school districts in the county.

The calendar is as follows:
Aug. 31—First day of school.
Sept. 7—Labor Day.
Oct. 9—ATF or Marquette division of IKA meetings—institute day, and end of first six-week period.
Oct. 23—Madison county teachers institute. No school.

County Fee Offices Report \$141,382 Excess

Excess fees totaling \$141,382 were reported by four Madison county fee offices for a six-month period ending last Nov. 30.

Dale Hill, former probate clerk, showed receipts of \$4,023 and expenses of \$14,573 for a \$550 deficit. Miss Eulalia Holz, county clerk, had receipts of \$71,891 and expenses of \$50,135 for a \$21,756 balance.

Sheriff Barney Fraundorf had receipts of \$70,160 and expenses of \$67,969 for a \$2,191 balance. County Treasurer George Musso had receipts of \$231,010, less prior reported imbalance of \$33,175, for a net of \$197,835, and expenses of \$70,850, for a balance of \$127,985.

County Auditor John L. Kravak and the county officers committee noted that the probate clerk's deficit is made up from the prior six months of excess fees, and the same held true from the county treasurer's report from the last six-month period.

"This condition occurs sometimes in the fee offices when they do not realize their fees or earnings in the period reported."

Mitchell Water District Awards Building Contract

The Mitchell public water district has awarded a contract to L. Wolf & Co. of Granite City to construct its new office and garage building on a low bid of \$32,457.

The building to be located on East Chain of Rocks Road, will contain about 2000 square feet of space and will be constructed of brick veneer and concrete block with steel roof trusses and concrete floors. The work includes driveways into a parking lot and into the garage.

Construction is to start about April 1, weather permitting, and is to be completed by mid-July, according to Virgil Dulgeroff, architect.

Five bids were previously considered and believed to be high, and the two low bidders were selected to consider alternates made to the plans to lower the cost. The other firm was G. H. Sternberg & Co.

No Agenda For GC Council Session

Granite City council members will meet this evening at 8 o'clock for an agendaless session. Mayor Davis has ruled the meeting on the fourth Monday of each month is reserved for routine business and committee sessions.

However, on occasion a full-scale meeting is conducted, and it is likely the council will continue its discussions over location of a coin-operated car wash in the 1500 block of Johnson road and possible annexation or zoning-building controls for Henry Ross' Dream Villa subdivision development off Edgewood drive.

A report also is expected on the hiring of city and motor fuel tax engineers and possibly on the latest progress toward construction of a sewage treatment plant.

An opinion also is pending on the legality of placing house trailers on individual lots. Alderman William McGee, who called for the opinion, said he was not trying to get removal of existing trailers but rather to prevent future issuance of such building permits in violation of the city code.
